Our financial planning process

Everyone has different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Identifying where you want to be

We help you identify your financial and lifestyle goals and explain the services we offer to help you achieve them. The type of advice you need could depend on your life stage, the amount of money you want to invest and the complexity of your affairs.

We will help you to identify the range of issues that need to be addressed to meet your goals. You can then decide whether you want our advice to meet a single need or a broad range of issues.

Considering opportunities and risks

Good personal advice starts with having an understanding of your current situation. We take a close look at your current financial situation – assets, debts, income, expenses and insurance, and explore the options you could use to reach your goals.

Bridging the gap

Based on the research we have conducted; we will recommend a strategy to bridge the gap between where you are now and where you want to be.

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant and / or solicitor so that your strategy is implemented efficiently.

Staying on track with regular annual or ongoing advice

Time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing or annual advice.

We will design an annual or ongoing service program so your plan remains up to date.

Transaction services

If you would like us to help you complete a particular transaction without our advice, we can take your instructions and arrange for the transaction to be completed without providing any.

It is important to understand that in these circumstances we will generally ask you to confirm your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand the risks of a transaction service. You will be provided with a copy of the letter for your own records.
